

Dementia & Memory Support in General Practice

Useful Information from Age Scotland:

Age Scotland have put together some information about Covid-19 which could be really useful to your older patients.

As well as explaining what to do, there is a Frequently Asked Question section which gives practical information about eg

- How do I get my shopping done if I am self-isolating?
- I live alone, what can I do to speak to someone?
- Will my homecare stop?
- I'm a carer for someone else. What should I do?

The webpage is -
